DISPATCHES TO THE OREGONIAN.

EASTERN DATES TO OCTOBER 8.

EASTERN STATES.

Political.

PHILADELPHIA, Oct. 7.—The campaign closed to night with large meetings of both parties. Ex-Senator Hendricks and Jas. C. Robinson of Illinois spoke at the Democratic meeting, and Senator Morton, Congressmen Coburn and Porter and others at the Republican meetings. The campaign throughout has been hotly contested and both parties are sanguine of success.

Gold Market.

NEW YORK, Oct. 7.—The action of the Treasury Department in selling gold here to-day caused buoyant speculation in the stock market. Prices opened at an advance of half to one per cent. from Saturday quotations, and gold declined 1¼ per cent. There were some forty bids for $5,000,000, aggregating over seventeen millions, at 11 to 11 81-100. Offers of bonds aggregated nearly $7,000,000, at 112 74 100 to 112 75 100. Gold opened at 13 and declined to 12¾. It afterwards advanced to 14¼.

Riot in Cincinnati.

CINCINNATI, Oct. 7.—A riot occurred to night at 10 o'clock at the corner of Fifth and Broadway, between the Fourth Ward Greeley torchlight procession and some colored people. From fifty to seventy five shots were fired, wounding several persons, but none, so far as heard, were killed. Accounts by eye witnesses are very conflicting, and it is almost impossible to obtain reliable particulars. The Greeley Club was from a ward in which the population is largely Irish, and the locality of the riot is thickly settled by colored people. During the day, colored people say, word was sent them that they would be attacked this evening. This news came also to the police officers of the district, who feared a riot. The colored men laid in a stock of ammunition. The colored women of Allen's Chapel, corner of Sixth and Broadway, were holding a sort of fair for the benefit of the Church, and had a colored brass band playing for them on the street in front of the door. This drew a large crowd. A speech was called for, and a colored man made them a political speech on the street. While he was speaking a procession of Greeley men marching on Fifth street, toward Broadway, came into the latter street and turned to go down toward the meeting. One square distant from where the speaking was, the procession turned down Broadway, marching away from the crowd at the Church. At this time the firing commenced. How it started, no two stories agree. One account is, that a lot of colored children rushed down to the corner to see it go by, and hurrahed for Grant, and the torch bearers in the procession beat them back and drove them away, and then attempted to drive a colored man away by beating him, and he drew a pistol and fired at them. Others who saw the beginning say shots were fired by men in procession, and the blacks fired back. Unarmed colored men ran to their armory on Main street north of 6th, and rushed out to reinforce their friends. They succeeded in driving back and dispersing the members of procession. They then rushed back to their armory where about 200 of them are under arms. They have all approaches to the armory guarded. One of their leaders inside, made a speech in which he said: This attack to-night, was organized to intimidate you from voting to-morrow. Now I want to say to you, let every man go to the polls and vote, if the act costs him his life. The speech was received with deafening shouts. When the riot was in progress, the alarm was turned on and fire bells tolled. The whole force of the Police was called out.

Trials of Speed.

NEW YORK, Oct. 7.—At the Fleetwood course to-day a race for a purse of $3,000 was won by American Girl in three straight heats, beating Rosalind 2d and George Palmer 3d. Time, 2:26, 2:26, 2:27½.

Death by Falling of a Stage.

NEW YORK, Oct. 7.—During the great ratification meeting at the corner of Levison and Bedford Avenues, Brooklyn, to-night, the platform fell precipitating all persons on it, including speakers, to the ground. Two boys, Alonzo Hadely and James McListor, standing under the structure, were crushed to death, and three others were injured.

BY ATLANTIC CABLE.

Spanish Affairs.

MADRID, Oct. 7.—During the discussion of the reply to the address from the throne, in the lower branch of Cortes, on Saturday, an amendment was moved, asking for the abolition of slavery throughout the Spanish Dominion.

Damage to the Monastery and Palace of the Escurial, will not exceed $125,000.

French Council of War—Passports Required.

PARIS, Oct. 7.—The *Journal Official* announces the appointment of French Supreme Council of War, the members of which, are Marshal McMahon, Marshal Canrobert, General La'Admirault, Duc De'Aumale, and General De L'Arontrelle. Count Von Lormin has notified De Remusat, that all citizens of France, entering German territory on and after November 1st, must be provided with passports. Gambetta arrived in Paris this evening.

Steamer Exploded.

LONDON, Oct. 7—An explosion occurred on the steamer *Senegal*, at Liverpool, to day. Three men killed.

UTAH.

From Salt Lake.

SALT LAKE, Oct. 8.—Elder Richards, in the Mormon Conference to day, cautioned the people against the wiles of the enemy of the kingdom, especially against their schools, and advised them not to send their children to Gentile schools. Brigham Young followed, saying he differed with the speaker. He said send your children to schools when free. I thank all sects for establishing schools, and heaven will reward them.

R. H. Robertson was elected Grand Master of the Masons of Utah at the installation of officers of the Grand Lodge to night. The fraternity is in a flourishing condition.

A delegation of the chiefs go to Washington in a few days.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 8.—Arrived overland, Mrs; Jno. R. Foster, Mrs. W. P. Doland, A. Reed, W. Doland, Portland.

A committee of the Board of Supervisors declares unanimously, the charges against Keiting, Superintendent, are without foundation and malicious.

The medical experts who testified against Laura D. Fair, demanded $100 per day each, for their services. The Supervisors allowed them $1,300 aggregate, half the amount they claimed.

THE SUPREME COURT.

TWENTY SIXTH DAY.

SALEM, Oregon, Oct. 7, 1872.

In Thos. Cross res. vs Jno. S. Estess, Ap., McArthur, J., announced the decision; judgment of the court below affirmed.

In Hanna vs Songer et al., Upton, J., announced the decision; judgment of the court below reversed and cause remanded, with leave to respondent to apply to the court below to amend complaint. McArthur, J., dissenting.

In Wallace vs Smith, Upton, J., announced the decision; judgment of the court below affirmed.

In Jatle et al. vs H. and C. Picard, the argument on the merits of the case was opened. Court adjourned to 9 A. M. to-morrow.

Word comes from Mr. Sumner through the cable that he will decline the hybrid nomination for Governor of Massachusetts. After the recent evidences of his infatuation, we can scarcely credit him with so much sense. And besides, while many would regret the necessity of rebuking him, still if he is to continue fighting the Republican party it would be well that the people should have an opportunity of expressing their opinion upon his action. But he seems to have enough discretion left to avoid that.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

REPUBLICAN VICTORY IN PENNSYLVANIA!

30,000 MAJORITY!

Republican Gains in Indiana!

CARRY THE NEWS TO HORACE!

EASTERN STATES.

Great Election Excitement.

CHICAGO, Oct. 8.—Special dispatches from Pennsylvania and Indiana state that the election excitement exceeds anything ever known. In Philadelphia and Pittsburg the feeling is very bitter. All accounts agree that the vote will be the largest ever cast at any election.

The Argument of the Bully.

NEW YORK, Oct. 8.—The pool rooms were crowded last evening and large amounts were wagered on the result of the elections to-day.

Pennsylvania Election.

CHICAGO, Oct. 8.—Private dispatches from the election in Pennsylvania add nothing to the press reports.

Private advices from Indiana state that the election is progressing quietly. There is no unprecedentedly large vote as in Pennsylvania. Both sides are confident.

CINCINNATI, Oct. 8.—The election is quietly proceeding throughout the city. A very large vote is being polled. Unusual precaution has been taken by the Mayor in the Sixth ward, the scene of last night's disturbance, to maintain peace.

HARTFORD, Oct. 8.—Returns from twenty-eight towns show eighteen of them to be Republican by an aggregate majority of 2,191. Ten give an aggregate Democratic majority of 867.

PHILADELPHIA, Oct. 8—2 P. M.—At the headquarters of the Republican State Central Committee they are calculating on a largely increased Republican vote in the city. Reports from various wards warrant the belief that Hartranft's majority will be 20,000. At the Liberal and Democratic headquarters they appear equally confident, though not expecting to effect much in the city. In thirteen wards during the first hour Hartranft was 2,031 ahead of Buckalew, and over 600 ahead of the Republican city ticket. This is an indication that the vote for Hartranft will exceed the rest of the Republican ticket, and not fall behind as was supposed. The second ward will, it is is asserted by the *Evening Telegraph*, be carried by the Republicans for the first time in eight years; also that the Republican candidate for State Senator will be elected.

NEW YORK, Oct. 8.—A Philadelphia special says up to one o'clock the result was as follows: In the 5th, 7th, 9th, 10th, 11th, 12th, 14th and 22d wards, Hartranft was 2,723, Buckalew, 1,292. The Republicans have a majority in the lower wards. Hartranft leads the ticket. These wards are heavily Democratic. Scratching which has taken place is only in the Central wards. Thus far they have been very slight. The negro vote amounting to nearly 6,000, has nearly all been cast and were polled solidly for Hartranft.

Republican Victory.

NEW YORK, Oct. 8—8:30 P. M.—Advices from Pennsylvania are to the effect that Hartranft is elected by a large majority. Philadelphia is claimed for him, by over fifteen thousand.

Better and Better.

NEW YORK, 8—9 P. M.—Pennsylvania is given up by the Liberals, and the Republicans now claim Hartranft's election by thirty thousand.

Scattering returns from Indiana, indicate Republican gains.

Theater Struck by Lightning.

BALTIMORE, Oct. 8.—Yesterday afternoon the Front Street Theater was struck by lightning during the rehearsal of the "French Spy." The roof was torn into fragments. The lightning passed down the gas pipe into the building, and along the footlights. Several actors were slightly stunned; none seriously injured.

Fatal Affray.

NEW ORLEANS, Oct. 8.—A Shreveport dispatch of the 7th says R. J. Wright, Clerk of the District Court, and brother of W. N. Wright, Deputy Sheriff, was killed this morning by Chief of Police Sherrad and police officer Shepherd. The friends of Wright armed themselves with shotguns, found and killed Shepherd, and are searching in every direction for Sherrad. All concerned belonged to the same political party.

Ferreting them Out.

NEW YORK, Oct. 8.—It is reported that the detectives have found a man supposed to be connected with the murder of Captain Colvocoroses at Bridgeport, Connecticut, about four months ago, in the person of John Traynb, a canal boatman.

The Custom House officers on Saturday discovered a number of cases of fireworks being taken aboard the steamers *Charleston* and *South Carolina* invoiced as fancy goods. It is thought in this way the steamer *Bienville* was set on fire, as shippers of these goods have been forwarding by southern vessels for some time.

Tammany Absconds—Excitement on Wall Street.

NEW YORK, Oct. 8.—Stories of Tweed's flight are again current.

Affairs on Wall street are less excited to-day.

OREGON LEGISLATURE.

Seventh Biennial Session.

Senate.

AFTERNOON SESSION.

SALEM, Oct. 8, 1872.

The Senate met pursuant to adjournment.

The Journal of yesterday was read and approved.

Mr. Moores, from the Committee on Engrossments, reported sundry bills correctly engrossed.

Mr. Bristow moved to reconsider the motion by which S. B. No. 36, To Encourage Immigration, was ordered up for its third reading to-day. Carried.

Mr. Bristow moved to fill the blank in the bill with $6,000. Lost.

Mr. Bristow moved to fill the blank with $3,000 Lost.

Mr. Moores moved to fill the blank with $2,000. Carried.

Mr. Bristow moved that the bill be considered engrossed, and read third time now Lost.

On motion of Mr. Bristow the bill was ordered engrossed for third reading to-morrow

Mr. Moores gave notice of the introduction of a bill to appoint a Committee of Immigration.

Mr. Bristow, from the Joint Committee to examine the Locks and Canal at Oregon City submitted the following:

Mr. President, your Committee to whom was referred the examination of the Canal and Locks at the Falls of the Wallamut, have visited the same and report that the work is being pushed forward with great energy toward completion. Your Committee cannot speak in too great praise of the stone work of the Locks as it is of a very heavy and durable character, being built of very large stones, mostly brought from the quarry on the Clackamas river, some ten miles from the canal, though some small portion of the stone work has been made from a quarry at the lower end of the canal. The entrance at the lower end of the canal is 100 feet in length below the lower gate, and when finished will be 7 feet below low water mark in the river at that place. There are five locks in all, each of which is 210 feet in length by 40 feet in depth. The lower one is 40 feet in depth, the second one is thirty feet, the third one is 36 and the fourth is 19 feet in depth; the upper or grand lock 1,200 feet above the fourth one is also 19 feet deep. The third, fourth and fifth locks are built partly, and the last named almost wholly of solid masonry, the hollow quoins being supported by counter forts of solid masonry 12 by 15 feet at the top and 16 by 21 feet on the bed rock. The breast walls are built of very heavy stones, six feet long in the middle of the arch and decrease at the hollow quoins where they rest against the natural walls of the canal or the counter forts to 3 and 4 feet in thickness and one of sufficient strength to resist any pressure of water when the gates are closed however great it may be. The division or section of canal between the fourth and grand locks has a solid foundation built of stone on the bed rock and raised to within one foot of the bottom of the canal on which is to be built timber works and securely fastened by iron rods to the bed rock, the rod to be inserted two feet deep, the lower end being split and an iron wedge inserted securely fastening the same when driven to the bottom of the hole drilled in the rock for that purpose. The timber work is to be faced on the canal side with four inch, and on the river side with three inch plank, and the inside or crib is to be filled with stone from the works. The upper and last section of 1,900 feet in length above the guard lock is nearly completed, and is built of timbers as just described, and is built in various sections with different angles, so as to be on the best foundation and give the greatest resistance to water, the upper portion of which about 400 feet forms a kind of basin at the upper entrance, being in width from 180 to about 300 feet. The excavation, save the last 100 feet at the lower end of the canal, is nearly completed. The engineer employed on the work seems confident that he will complete all the work above the fourth lock by the 1st of next month and complete the Locks by the 1st of January next.

E. W. BRISTOW, Chairman.
JOHN MYERS,
Committee on the part of the Senate.

On motion of Mr. Baldwin, the report was adopted and 100 copies ordered printed.

Mr. Chrystal introduced S. B. No. 52, for the relief of Jesse B. Stump of Baker county. Read first and second time and referred to Committee on Claims.

Mr. Webster introduced S B. No. 54, to amend act to provide a code of civil procedure. Read first time and ordered printed.

Mr. Strahan introduced S. B. No 51, to protect the enforced sale of homesteads. Read first time and ordered printed.

Mr. Cowles introduced S. B. No 55, to incorporate the town of McMinnville. Read first and second time and referred to Committee on Corporations.

S. B. No. 34, relative to the taxation of foreign corporations. Read second time and ordered engrossed for third reading to-morrow.

S. B. No. 38, to provide for the education of the deaf and dumb. Read a second time and referred to the Committee on Judiciary.

S. B. No. 40, to amend an Act to provide a code of civil procedure, read second time and engrossed for third reading to-morrow.

S. B. No. 44, authorizing the State Treasurer to convert currency into coin, and to pay off Locks bonds, read second time and referred to the committee on Ways and Means.

S. B. appropriating $100 to pay the State Printer for publishing laws, read second time and referred to Committee on Printing.

S. B. No. 46, to constitute a Board of Immigration, read second time and ordered engrossed for third reading to-morrow.

S. B. No. 49, to amend an Act incorporating the city of Portland, read second time and ordered engrossed for third reading to-morrow.

S. B. No. 50, providing for apportionment of Senators and Representatives in the Legislature, read second time and referred to committee on counties.

S. B. No. 51, providing for a wagon road from Cornelius in Washington county, to the Columbia river in Columbia county, read second time and referred to the Committee on Roads and Highways.

S. B. No 25, to provide for the sale of tide land on the sea coast of Oregon, read second time. Mr. Webster said he felt great interest in the bill, and did not want to see it pass in this shape. He therefore moved to refer the bill to the Committee on Public Lands, with certain instructions. Carried Mr. Strahan moved further amendments which he desired submitted for consideration in committee.

S. B. No. 23, authorizing the Governor to appoint Gen. E. L. Applegate as Commissioner of Immigration, read third time.

Mr. Patterson moved to fill the blank relating to the salary of the Commissioner at $5,000. Lost.

Mr. Patterson moved to fill the blank with $2,500. Lost.

Mr. Baldwin moved that the further consideration of the bill be indefinitely postponed. Lost. So the bill passed. Ayes, 15; noes, 7.

S. B. No. 40, to change the time of the meeting of the Legislature to the 1st Monday in December, read third time and passed. Ayes, 19; noes, 3.

S. B. No 43, to re-locate the county seat of Union county, read third time and passed by a unanimous vote.

H. B. No. 12, to provide for the construction of certain sections of the Dalles and Salt Lake Railroad, read second time by title, and on motion of Mr. Fay, laid on the table for the present.

H. B. No. 50, to provide for the purchase of 100 copies of Deady's Reports, read first time.

H. J. R. No. 18, praying Congress to station a Revenue Cutter at the mouth of the Columbia river. Referred to the Committee on Commerce.

Mr. Fay, from select committee to whom was referred S. B. No 5, to amend the act to incorporate the town of Jacksonville, reported certain amendments, which were adopted.

Mr. Dolph offered a resolution that the Committee on Election be required to report on the contested case of Witham vs. Strahan on to-morrow morning.

Mr. Baldwin moved to indefinitely postpone the resolution. Lost. Ayes, 10; noes, 12.

Resolution lost; ayes, 11; noes, 11.

Adjourned.

House.

AFTERNOON SESSION.

The House met at 2 P. M., pursuant to adjournment. Six members absent.

The Journal having been read, the House was declared open for business.

Mr Caples introduced the following resolution:

WHEREAS, Charges having been made that money and other improper influences have been and are being used to corrupt this Legislative Assembly—to influence them in favor and against the passage of H. B. No. 77—the Canal and Locks bill; and,

WHEREAS, The circulation of such charges, whether true or unfounded, are calculated to injure the reputation and usefulness of members of this assembly, and exert generally a demoralizing effect upon the public sentiment of the State,

Resolved, That there be a committee of three appointed to investigate such charges, and that said committee shall have power to send for the necessary witnesses.

The resolution was adopted.

Mr. Corwin moved to reconsider the vote by which the bill relative to female suffrage was lost.

Mrs. Duniway, by courtesy of the House, addressed the Legislative body for a few moments, advocating the merits of the bill. Her remarks were earnest and free from any verbiage.

Mr. Caples rose to a point of order, regarding the right of the House to reconsider the bill postponed.

The Speaker held the point of order not well taken.

The motion to reconsider prevailed, and on reconsideration the vote to postpone indefinitely was lost by a vote of 18 to 30

Mr Patton's amendment, permitting women to vote on popular questions, touching the licensing the sale of liquors was taken up, and the remainder of the bill was stricken out, leaving nothing but Patton's amendment. It was then referred to a special committee of three.

S. B., allowing $1,500 per annum to Justices of the Supreme and Circuit Courts, as traveling expenses being the order of the hour, was taken into consideration. To the question shall the bill pass? Messrs Eagle and Gingles called the attention of the House to the constitutional provision touching the matter. Each gentleman recorded his intention to oppose the bill

Mr Langell moved to refer to a committee of three for amendment.

Mr. Downing moved to postpone indefinitely.

Mr. Burbank moved to lay on the table.

Ayes and noes being called on the latter motion, resulted: ayes 21, noes 28. Motion lost.

The motion to indefinitely postpone was then put. Ayes and noes were also called, resulting as follows: ayes 22, noes 25.

The motion to refer to a committee of three was put. Ayes and noes were called, and the motion prevailed by a vote of 26 to 21.

H. B No. 77—Lock and Canal bill being next on the calendar an amendment was offered, cutting down ransom to $40,000, and setting time of purchase at five years instead of ten.

Mr. Simpson stated that the Canal and Lock Company were unwilling to accede to the proposed amendment, and moved to refer to the committee for further consideration. In his remarks he bitterly opposed any attempts to allow the Canal and Locks to fall into the hands of monopolists. A cry had been raised that the Republican party was in the hands of Ben. Holladay. As for his part he did not propose to be owned by any man.

Mr. Patton moved to postpone indefinitely. The ayes and noes were called with the following result: Ayes, 12; noes, 35.

Mr. Burbank moved to amend the motion to refer to a select committee, by referring to Committee on Commerce Amendment lost by a vote of 19 to 22. The bill was referred back to the same committee for further consideration.

Mr. Powers, Chairman of the Committee to whom was referred the examination of the Locks, submitted a report, stating that the works were being constructed with a view to permanency and strength. The committee expressed satisfaction regarding the manner in which the work had so far been prosecuted. The committee stated that the question regarding the validity of bond had been submitted to Wm. Lair Hill, Esq. The written opinion of this gentleman was read, in which he held that bond as referring to the payment of 10 per cent. of gross receipts, was valid and binding on the company.

The House then resolved itself into Committee of the Whole for the consideration of H. B No. 15, providing bounties for the destruction of wild animals. Section 2 provides a bounty of $5 each on panthers, cougars and bears; $3 each on wolves, and 3 cents on ground squirrels.

Mr Downing wished to amend by increasing the bounty on wolves to $10, and on squirrels to 5 cents. Amendment received and the section as amended adopted.

One or two other unimportant amendments were added and the committee rose, recommending the passage of the bill. The House adopted the amendments and the bill was ordered put on its final passage to-morrow.

Mr. Riley presented a Joint Memorial asking Congress for a sufficient appropriation to construct a Port of Refuge at Port Orford. The Memorial was adopted.

Mr. Hodgkins offered a Joint Memorial petitioning Congress to appropriate $30,000 for the construction of a road and telegraph line from Astoria to Portland.

Mr. Corwin moved to amend by substituting $60,000, which prevailed. The Joint Memorial was adopted unanimously.

The Committee on Judiciary reported back S. B. No. 15, relating to the rights of married women, and recommended the passage thereof. The bill was ordered to final passage. It provides for the exemption of property acquired by a married woman by her own labor, from liabilities of her husband. It also provides the right of married women to dispose of the property of her husband after he has abandoned her for a year, without making suitable provision for her support. The bill passed by a vote of 46 to 1. Mr. Darst voting in the negative.

S. B. providing for recording patents, decrees, etc., an outline of which has been before given, came up for third reading, and passed by a vote of 45 to 2. Bixkely and Shelton voted no.

The Committee on Claims, to whom was referred the bill for the relief of Dr. Hawthorne, reported. Consideration postponed to Thursday.

The Committee on Ways and Means, to whom was referred the bill for the relief of Umatilla county, recommended the passage of the same, after striking out all claims except the claim in favor of the Common School fund.

The committee to whom the bill had been referred, providing for the appropriation of $10,000 for the construction of a bridge over the North Umpqua, recommended the passage of the bill, upon striking out the word "other" from the clause "out of swamp, overflowed and other lands of the State." Ordered for disposition to-morrow.

Mr. Caples introduced a bill regulating military companies.

Mr. Hodgkins introduced a bill providing for the construction of a road from Astoria to Portland.

House adjourned.

Our Rivers and Locks.

PORTLAND, Oct. 7, 1872.

TO THE EDITOR OF THE OREGONIAN:

As a citizen and a Republican, one who has as great an interest in the welfare of Oregon as perhaps any one according to my means, I desire to say a word upon this Lock question. I have no interest in locks, railroads or steamboats, directly or indirectly, except as they conduce to the general prosperity of the State and redound to the good of the whole community. Therefore, all partisan considerations should be laid aside, let us ask what is for the good of our State. Two years ago, by a piece of favoritism, the then Legislature gave to a company the privilege of constructing these Locks at the Wallamet Falls, and gave to that company two hundred thousand dollars as a bonus. The P. T. Co., greatly disgusted at what they believed to be partiality and a wrong towards them and the people, and in which I fully coincide, determined to sell out their entire line to Mr. Holladay and his associates, thus placing the river transportation practically in the hands of these gentlemen—this, added to his already railroad franchises, made them masters of the Wallamet Valley. The Locks are now nearly completed—what was done by the Legislature two years ago cannot now be undone. Then what shall we do to protect the people for the future? Shall the Legislature take steps to acquire possession of these Locks, or shall the people let the railroad company quietly procure a lease of these Locks? This of course will practically place this last outlet for fair competition in the hands of that company. I have no fault to find with it for trying to secure to itself all the commerce and traffic that they possibly can, and to get as large a price for the transportation as the people are willing to pay them. But it is the duty of our legislators to see to it that no man, or company of men, get entire control of our natural highways and their appurtenances. If by any neglect of our representatives the persons controlling the river and railroad at this time shall get possession of these Locks, and by design or otherwise the Locks shall be neglected and get out of repair and become useless, and our people should be compelled to transport all their products and freight upon the railroad, it would be a great misfortune. We should lose a wholesome check now within the grasp of the people. If we were certain that the present Lock Company would themselves hold this check and encourage an opposition line of steamers from Portland to the head waters of the Wallamet, the people might rest in comparative safety—but will they do this? If Mr. Holladay and his associates after the adjournment of the Legislature shall offer the company forty thousand dollars a year for these Locks, will the Lock Company refuse it? I presume not. They want remuneration for their outlay. The railroad company, on the other hand, could well afford to pay this amount rather than have the price of transportation reduced as it probably would by competition. The reduction of freight four cents per bushel on one million bushels of wheat would amount to forty thousand dollars. This reduction and much greater would probably be made by such a competing line. This would not only affect this reduction by river but also by railroad. The question then is, do not the people demand that these Locks shall now be in the hands of the State? I have no means of knowing the amount expended by the Lock Company, but let them make an exhibit to the Legislature, and let the Legislature then take a lease of the Locks, paying them a fair rate of interest for the amount of money expended over and above the amount realized by the Lock Company from the State, providing this amount shall appear reasonable to the Legislature. I think now is the time for the State to obtain possession of these Locks. Such works are generally controlled by States, and ours should not be an exception to a general rule adopted by others, elder and more experienced.

The Daily Oregonian.

WEDNESDAY MORNING, OCTOBER 9, 1872.

The Great Victory.

The news from Pennsylvania is better than the most sanguine expected it would be. Hartranft's majority is estimated at 30,000. Philadelphia alone gives him 15,000 majority. This result is a surprise to Republicans themselves. They have expected to carry the State, but have not claimed it by more than from ten to twelve thousand.

This is a larger majority than Pennsylvania has given before since 1860. The greatest majority since the first election of Lincoln was the majority for Grant in 1868, which was 28,898. At the election for Governor in 1869, the Republicans carried the State by only 4,596, and the Congressional election in 1870 was Democratic by 299. Last year the contest was for Auditor General, and the Republicans won by a majority of 14,575, out of a total vote of 553,529.

The contest in Indiana was a most exciting one. We can present no particulars. It is pretty certain, however, that the State has gone Republican by an increased majority.

This practically closes the Presidential campaign. Mr. Whitelaw Reed may as well make up his mind to surrender the editorial chair of the *Tribune* to the Chappaqua farmer.

The Only Point of Difference.

From the time of the introduction of Mr. Simpson's bill providing for the State to secure the possession of the Canal and Locks at Oregon City, the measure has attracted the attention of the public to a greater extent probably than any other measure that has come before the Legislature for years past. The importance of securing to the State the control of the Canal and Locks, none seemed inclined to deny, except those who were in the interest of the railway and navigation companies. We have from time to time given our readers such facts as we possessed bearing upon the proposition, without professing any knowledge of the cost or quality of the works. The possession of the Locks by the State is a matter of such great consequence to the whole people that they can not afford to allow any trifling consideration to prevent the State from securing them. The *Statesman* says in regard to the matter:

> We hold, with almost every intelligent business man, that the State ought to have control of the works; but we think it susceptible of easy proof that the lease of the locks is not the proper way to obtain control. The State ought, on some fair terms, to purchase the works. If the proposition were to purchase at a proper value, and on such terms as to payments as would not be too burdensome to the tax payers, we should certainly and most decidedly commend it.

And the *Bulletin*, after an immense amount of vaporing on the other side of the question, comes round at last to the same position, so far as the propriety of the State's owning the Locks. In an editorial article in yesterday morning's issue of that paper occurs the following:

> We say, let the State own the Canal and Locks, but at the same time we say it is not right nor just that the State should be grossly swindled in the purchase by paying twice or thrice their worth to enrich the Ring of public plunderers who have already sunk $200,000 of the School Funds in the Big Swindle.

This does not exactly tally with the *Bulletin's* prior articles, it is true, nor even with another article in the same number wherein it is strenuously urged that the Locks ought to be left in private hands. But then the last named article was evidently written from the railway side of the question, while that from which we have quoted was from some other standpoint. The *Bulletin* has never been particularly hampered by that bug-bear of weak minds called consistency.

The position upon which we started out, that the State should get the control of these works if it could be done on fair terms, is generally conceded now, and the opposition to Mr. Simpson's bill is narrowed down to the question whether the terms it proposes are reasonable. The *Bulletin* says the price is outrageous, and upon that ground denounces the proposition as a "big swindle." It does not, however, give any facts showing how it reaches this conclusion, except some indirect attacks upon the character of the work. The *Statesman* thinks an absolute purchase would be preferable to a lease, in which we agree with the *Statesman*, provided a plan can be devised to make the purchase legal. We have supposed the constitutional objections urged against that plan were well taken. If this is so, the next best thing we suppose is to lease, provided it can be done upon fair terms. What is fair the Legislature can judge, having means of knowledge through the committees, which others do not possess.

> The series of short speeches made by Mr. Greeley at different points during his Western tour, have greatly increased his reputation."—*Herald.*

So they have. Mr. Greeley has for some time enjoyed the reputation of being a person whose ideas on the vital questions before the country were mere notions, to-day one thing and to-morrow another; and his "series of short speeches" recently made in the Middle, Western and Southern States have greatly increased that reputation. But they have not had a tendency to increase whatever reputation for candor may have stuck to him up to the beginning of this swing around the circle. His erratic course during his tour, has had too much method in it to be the mere accident of his moods. He has taken all sides of all questions—excepting always his faithfulness to the revengeful course against President Grant, which he and his friends marked out at the opening of the campaign. But somehow or other he has invariably happened to take that side that appeared most likely to catch the ear of the particular audience he addressed. A Southern man in the South, a Northern man in the North, he has attempted to be all things to all men. The sequel will prove that he is nothing to anybody.

The following morsel, well calculated for the delectation of all Greeleyites, appeared in the *Herald* of yesterday morning:

> What's up? Why the Greeley and Brown flag is up. A friend telegraphed us yesterday, from Roseburg, to say that the Greeley and Brown flag now triumphantly waves over the United States Land Office in Roseburg, where it had been waving since twelve o'clock the previous night, and bids defiance to the Grantites to haul it down.

We are in receipt of a telegram from Hon. Binger Herman, Receiver in the Land Office at Roseburg, stating that some Greeleyites surreptitiously hoisted their flag over the Land Office at midnight Sunday night, and cut away the halliards to keep it from being taken down. Of course, it was there Monday morning, when the *Herald's* friend sent his dispatch. But is not this rather a disreputable sort of campaigning? We are aware that it is the only way the Greeleyites can get their flag hoisted in this State, but is it not disreputable nevertheless? Another question suggests itself: Is not this a specimen of the manner in which those little items are gotten up, which the *Herald* has been in the habit of arraying under the head of "Progress of the Campaign." We have shown heretofore, that a part of those items were fabrications.

At It Again.

The *Bulletin* of the 6th instant stated that the name of W. Lair Hill was signed to a certain mortgage of the Lock and Canal Company, as one of the attorneys of that Company, and coupled this statement with some ill-natured and malignant remarks to the effect that we were conducting the OREGONIAN in the interest of the Company and as its retained attorney. On the 7th we denied the whole statement and demanded that the *Bulletin* retract or make good its charge by proving it to be true. Whereupon the *Bulletin* replies that the name of W. Lair Hill was "appended" to that mortgage; that *somebody told* the editor of that paper that Mr. Hill was the attorney of the Company; and that upon this evidence alone—"all the proof it has in the case," to use its own words,—the *Bulletin* made the charge. The *Bulletin* does not give the name of that somebody who gave the information, nor does it state in what connection our name is "appended" to the mortgage. The first statement was, not that *somebody had told him* we were an attorney of the Company, but that our name appeared to the mortgage as such.

If it is true that our name is signed to that document *as one of the Attorneys of the Company*, why is not that important item of evidence stated when the *Bulletin* attempts to give "all the proof it has in the case?" If it is not true, why does not the *Bulletin*, while professing such willingness to deal fairly, correct the unjust statement in its first article? A reference to the paper mentioned by the *Bulletin*, shows that the name was signed simply as a *witness to the signature of another person*, and not as an Attorney. This the editor of the *Bulletin* could not help knowing, for it is plainly stated, on the paper and his concealment of the truth in his second article, after his attention was called to it, convicts him of intentional misrepresentation in the first. He endeavors to fortify his first falsehood by telling a part only of the truth, with such glossing as to make it appear to corroborate the former statement. Why not tell the *whole* truth while you were on the stand? A half truth is always a whole falsehood.

The *Bulletin* proceeds:

> We defy and challenge any to show a single instance in which the *Bulletin* has published any falsehood over and over again,—or at all. We may have published what was not true upon false information.

We had always supposed that "what was not true" was necessarily false, no matter upon what information it may have been published. You can't make a falsehood less a falsehood by procuring a nameless "somebody" to tell you it is a truth. Accepting your challenge, we have shown an instance—this particular instance—in which you published a falsehood, and that "over and over again," unless that phrase means more than twice. Try it again.

By the way, which were untrue the statements of the *Bulletin* a few weeks ago of the large amount of freights shipped down the valley, or those the last few days of the small amounts?

From Step to Step.

It is a trite saying, that when once a man has taken a step in the wrong direction, there is no guessing where he will stop. This is true both morally and politically. Thus, in national politics, when once a few dissatisfied and disappointed adventurers sounded a discordant note, it was taken up by each penny whistle, until at last it culminated in the clashing and clangor at Cincinnati.

Two years ago in Washington Territory, a few bolters arrogated to themselves the wisdom and patriotism of the whole Republican party, and, while they preferred to be sound on the national issues, they repudiated the action of a regularly called, and acting Republican Convention. Of course, they were encouraged by the Democracy, who at once saw a good chance of picking up stragglers. Those bolters of course went for Greeley, and the step from Greeleyism to Straight-out Democracy was very short and direct, and they have taken it.

We learn that the Democratic Convention at Olympia, has nominated O. C. Hewitt, late Judge in that Territory, as Prosecuting Attorney for the Second Judicial District. So it goes. This man twice received from Mr. Lincoln, the appointment of Chief Justice of Washington Territory, and now he comes forward and strikes hands with those who were the vilest traducers of that great and good man,—the man, whose kindness raised O. C. Hewitt, from utter obscurity, to a position in which he might have achieved honorable fame, had he not been utterly incompetent. And this ungrateful man Hewitt, utterly forgetful of all he owes to the Republican party, who honored him far above his deserving, now gets in at the back door of Democracy, and begs for a bone.

The only importance we attach to this action of Hewitt's is that it shows—1st, That true Republicans will adhere closely to their party organization, and turn a deaf ear to the cry of "Lo here, or Lo there!" and 2d, It shows just how low down it is possible for some men to get in their political course.

CHANGE OF BASE.—We understand that the Vancouver *Register*, which in its issue of Saturday last gave unmistakable indications of dizziness in the head, has, after staggering around from one side to the other in search of support, finally toppled over into the arms of the expectant Democracy. The poor man who owned the concern gave Mr. Garfielde fair warning that unless something was done for the paper he would be obliged to sell it to the highest bidder, be he Democrat or Republican. We are glad to hear that a purchaser has been found and that the owner is relieved from further embarrassment in connection with the paper. If the Democracy's gain does not exceed the Republicans' loss by the transaction, we question the success of the enterprise as a political scheme.

The railroad paper has gone out of the "figuring" business. The enterprise involved the unearthing of so much of the arithmetic used in that paper when it had no inducement to give inaccurate figures, as to cast a cloud over its more recent efforts. Figuring is not its *forte*. A man to be successful in that business must be able to remember far enough back, at least, not to contradict any of his statements till they have been forgotten by his readers.

How about the wonderful effect of Mr. Greeley's "short speeches" in Pennsylvania? The Greeleyites would better confine their efforts to Roseburg. That is the only place where their flag has floated triumphantly, so far as we have been able to learn. Pity they did not think to cut the halliards in Pennsylvania.

The Idaho *Statesman* says: A very dangerous counterfeit five dollar United States currency note is afloat. It is very like the original, and can only be detected by comparing the words "United States" in the good. They are delicately shaded and clearly defined, and on a bad note are heavily shaded and rather crowded.

Organization of a Campaign Club in Clarke County, W. T.

Our Republican friends on the other side of the Columbia river, with a view of securing harmonious and effective work during the ensuing campaign, met on Saturday evening at Vancouver and organized a Campaign Club, of which Hon. S. W. Brown was elected Chairman and Mr. S. P. McDonald Secretary.

On taking the Chair, Mr. Brown said "that while our prospects of success were never brighter, such an organization as we are about to effect is needed as furnishing a basis for intelligent and united effort."

On motion of Dr. J. W. Turner it was resolved that the organization be known as the Clarke County Republican Club. The conditions of membership are to sign the roll and agree to support the Republican county and Territorial tickets.

Mr. James A. Orr offered the following resolution, which was unanimously adopted:

Resolved, That in consideration of the friendly aid uniformly extended to the Republican cause in Clarke county by the DAILY OREGONIAN, that the Secretary be instructed to procure one hundred copies of that journal for the use of the Club during the Campaign.

Messrs. S. P. McDonald, S. D. Maxon and James A. Orr were appointed a Committee on Finance. Messrs. J. M. Fletcher, S. P. McDonald and Charles Brown were appointed a Committee on Ways and Means.

On motion of Mr. G. W. Durgin, Wednesdays at 7 P. M. was fixed upon as the time for regular meetings of the Club.

We are informed that several well-known public speakers have promised to address the Club from time to time during the next four weeks.

Notes of the Campaign.

Among the "notes of the campaign" gotten up by a Democratic cotemporary we do not find any of the following. We suggest to the *Herald* the following "notes" to help fill out his column of distinguished supporters of Greeley:

There is Dick Taylor, who drew his year's supply of "grub" from Banks on his Red river cotton speculating expedition. Dick and Banks both shake hands over the bloody chasm now in behalf of Greeley.

There is C. F. Dyke, of Florida, a captain in the rebel army, and who was stationed at Andersonville, where he *offered thirty days' furlough to any man who would "shoot a Yankee prisoner."* He supports Greeley.

There is J. F. Hoke, ex rebel General, who captured four hundred of our men and *ordered them to be shot.* He supports Greeley.

There is the famous N. B. Forrest, ex rebel General, who ordered his colored prisoners to be shot and burned after they had surrendered. He supports Greeley.

George N. Saunders was the special agent appointed to arrange for the burning of Northern cities and the introduction of small pox and yellow fever from Cuba into the Union armies. Saunders is for Greeley for President.

Fourth Street.

SEALED PROPOSALS WILL BE RECEIVED AT the office of the Auditor and Clerk of the City of Portland until 12 o'clock, M., Saturday, October 12, 1872, for the improvement of that part of Fourth street lying between the center of Jefferson street and the south side of College street, in the manner provided by Ordinance No. 1227.

Bids must state, opposite the number of each block, the price per cubic yard for excavation and embankment, other than the grading rendered necessary by the change of grade made by Ordinance No. 1061; the price per lineal foot for planking the roadway from the end of the railway ties to the curb; and the price per lineal foot for planking the intersections, including the box gutters.

Each bid must be accompanied with the bond of two freeholders, properly verified, in the sum of five hundred dollars, to the effect that if the contract be awarded to such bidder, he will, upon its being so awarded, enter into contract therefor with good and sufficient sureties for its faithful performance.

The right to reject any and all bids is hereby reserved.

Ordinance No. 1227.

AN ORDINANCE TO PROVIDE FOR THE TIME and manner of improving that part of Fourth street lying between the center line of Jefferson street and the south line of College street.

The City of Portland does ordain as follows:

Section 1. The proposed improvement of that part of Fourth street lying between the center line of Jefferson street and the south line of College street, shall be completed on or before the 16th day of November, 1872.

Section 2. The improvement shall consist of grading and laying a plank roadway the entire width of the street, in the same manner as provided by Ordinance No. 1160, for the planking of that part of Fourth street lying north of Jefferson street.

Section 3. The Committee on Streets and Public Property are hereby authorized to advertise for and receive proposals and enter into contract with the lowest responsible bidder or bidders for that part of the work lying outside of the ends of the railway ties, and the Oregon Central Railway Company is hereby directed and required to complete that portion of the work lying within the outer line of the ends of the railway ties, within the time and in the manner provided by this Ordinance: *Provided*, That the contract for that part outside of the outer lines of the railway ties shall not be let till the Oregon Central Railway Company finishes grading that part of the street herein provided to be planked.

Section 4. The contractor shall take entire charge of the work during its progress, and shall be responsible for any loss or accident resulting from carelessness or neglect.

Section 5. The improvement shall be completed to the satisfaction of the Committee on Streets and Public Property and the Street Commissioner.

Passed the Common Council September 11, 1872.

W. S. CALDWELL,
Auditor and Clerk.

Approved Sept. 20, 1872.

CITY.

PLANS FORWARDED.—Some months ago the Bank of British Columbia, through its manager in Portland, Mr Edwin F Russell, purchased the triangular shaped block between Front and First and Vine and A streets for the sum of $12 500 Mr A H Jordan drew up the plans several weeks ago, and they will be forwarded at once to the managers of the Bank of British Columbia in London for their inspection and approval. If the plans meet their approbation the result will be announced at once by telegraph, and work will be commenced for the construction of the new bank building without further delay The building according to the submitted plans will be two stories in height. It will entirely cover the block and will conform in shape to the land The building will be 53 feet on Front street 131 feet on the south side, 12 feet and 6 inches at the west end and 124 feet 6 inches on the northern side Stone iron and brick will be used in its construction The lower or first story will be divided as follows A main banking room 30x45 feet manager's room 18x18 feet, an iron vault 8x12 feet a bank parlor 14x22 feet, a private office 18x8 feet two offices to the rear of the building, one 18x24 feet and the other 16x34 feet The two last offices will be leased to whoever wishes them The second story will be divided into offices, parlors and sleeping apartments, and will be used by the employes of the bank or rented If completed in accordance with the plans, the new bank will be a handsome architectural acquisition to the city

LIVELY.—A few minutes after the arrival of the steamer last evening, one would have supposed that Babel had broken loose on the wharves. There was a general pell mell, helter skelter charge made by the different hack drivers to the wharf, and away again as fast as the vehicles could find loads, while clear above the noise and confusion rose the musical voices of the hotel hawkers, with their "right this way gentlemen." Baggage and passengers were indiscriminately gobbled up, without regard to time, place or circumstance and it became a difficult matter for one person to decide whether he was that fellow or some other fellow. Quietness and order again assumed their wonted sway after a time, and the wharves presented a deserted appearance, strangely in contrast with the din of the previous hour.

A MISERABLE INEBRIATE.—John Bent, a miserable besotted specimen of humanity, was up before Judge Denny yesterday morning on a charge of drunkenness. In view of the fact that the fellow had been before him almost every week for the last two months, the Judge did not impose any fine directly, but gave him the alternative of either leaving the city in two hours' time, or else go to jail for twenty days Bent concluded to take liberty in his, and chose the former. However, he was seen in the afternoon, "drunk as usual" He had evidently forgotten his promised exit from the city.

FAST DRIVING.—Three jolly fellows from Oregon City, to wit Laffray, O'Connor, and Wright, were arrested last evening for rapid driving They hired a buggy and after getting well "set up," went careering up and down the streets at a speed incompatible with the order and dignity of the city. Several persons narrowly escaped being run over, and the three jolly chaps came near being upset, before the policemen's attention was called to their disorderly proceedings The horse and buggy are in the stable, and the "other fellows" reposed on free bunks last night

WHARF ADDITION.—The site once occupied by the steam saw mill at the foot of G street, is shortly to be converted into a wharf, adjoining the large dock of the Steamship Company. The piles have been sawed off and capped, and the frame will soon be raised The stone foundation, on which rested the steam engine is being torn away, to make room for the wharf addition The second story will be used as a portion of the west side depot, and the lower part as a wharf

A COMMA WANTED.—Our up street cotemporary in speaking of a half breed girl who was fined in the Police Court for drunkenness, says "She cuddled herself in a heap, where she was found by the officers She will be allowed to rest her weary limbs and dream of the forest in the city jail for the rest of the week" Dream of the forest in the city jail is good Somebody hand that reporter a comma, and he'll do.

BROKEN.—The steamer *Dixie Thompson* did not reach her wharf last evening until several hours after her usual time. The delay was in consequence of her breaking the "rock shaft," at Martin's Bluff From that point to this city, the valves were worked by hand, which rendered the progress of the boat slow and tedious The breakage is very slight, and will occasion no material delay.

FINED.—Jordan, a partial account of whose antics we gave yesterday, was up before Justice Ryan yesterday afternoon He was charged with the crime of "breaking in glass, and defacing a building not his own." The Justice concluded that Jordan had no moral or legal right to smash up a house in the manner he had, so he taxed him $10 and costs, which he paid and was discharged.

NOTIFIED TO STOP.—The owner of the Stark street ferry commenced to tear up that portion of the Nicolson pavement at the point where Stark and Front streets intersect He succeeded in removing the pavement for about half the distance across the street, when the Street Commissioner served a notice that such proceedings must be stopped at once The work was stopped

STREET CAR STABLE.—A portion of the earth on the block fronting on First street, between C and D, is being excavated down to a level with the streets. A large wooden building 50 by 100 feet, will soon be erected on the site by the Street Car Company The building will be used as a stable for the horses used by the company, and also to house the cars when not employed

SATISFACTION EXPRESSED.—The man Jordon, against whom had been lodged three complaints for assault and battery on the person of his wife, last Monday evening, was brought before Justice Davis yesterday The wife came into Court, and on filing satisfaction, the defendant was discharged on the payment of the costs, which amounted to about $60.

UNDER REPAIRS.—The locomotive *James B Stephens*, is undergoing some repairs at the car shop. This locomotive was damaged to a considerable extent several weeks ago by the collision of two dirt trains near Roseburg The damages are greater than was at first supposed but a few weeks' labor will put her in as good running condition as when new.

ARRESTED FOR LARCENY.—Two Chinamen named Ah Gee and Ah Ching, were arrested yesterday on the charge of stealing $150 from a boarder in a hotel in this city, where they were employed in the respective capacities of cook and washer The case will come up for examination before Justice Ryan this afternoon at 1 o clock

FRACTIOUS HORSE.—As a gentleman was on the way to the White House yesterday, his horse shied to one side. The movement of the animal was so unexpected, that the rider was thrown to the ground. Luckily he was not injured except slightly bruised The horse made his escape from the rider, but was caught before he ran far

ARRIVED AT LAST.—The American ship *Zouave* from New York, arrived off the Bar on Sunday and was towed in on Monday evening She is now at Astoria and will arrive here in a few days The *Zouave* has been overdue from New York so long a time, that grave fears were entertained as to her whereabouts and safety

COMMON COUNCIL.—The Common Council will meet at the Chamber this evening As there has not been a quorum for three weeks, an unusually large quantity of matter, requiring the attention of the City Fathers, has no doubt accumulated besides the customary number of city claims at the close of the month

GONE TO PERU.—Mr Wm H Lother who has been Superintendent of the Oregon Central Rail road for the last year, started overland yesterday for California Mr Lother has resigned his position here and will go to Peru, probably to take a contract under the great South American Rail road King, Harry Meiggs

RACES.—The regular races over the Riverside track commenced yesterday, and will continue for several successive days The attendance, for the first day, was quite fair. The race yesterday afternoon was won by "Hiram Abiff" Trot postponed until Saturday. The races to day will be trotting and running.

TREASURY DEPLETED.—Within the past eighteen months the Secretary of the Y M C A has disbursed over $1 600 in charity He informs us that the treasury is empty and the Association is in debt, and that he must try to raise more funds He does not ask much from anybody—but a little from everybody

MILITARY MEETING.—The officers and members of the several military companies of the city, are requested to meet at the Armory Hall this evening at 8 o clock The object of the meeting is to memorialize the present Legislative Assembly to amend the existing militia law of the State

SEALED PROPOSALS.—The Committee on Streets and Public Property advertise that sealed proposals will be received at the office of the Auditor and Clerk until 12 o'clock M on Saturday, 12th inst, for the improvement of that part of Fourth street between Jefferson and College

HANDSOME RESIDENCE.—The very handsome residence of Mr Jacob Kamm, on Main and Twelfth streets, is rapidly approaching completion The interior is now undergoing the lathing and plastering processes. It will be ready for occupancy about the 1st of January

LOADING.—The brig *Orient* is loading at St Helens with lumber, and the *Perpetua* at Cement ville with the same material Both vessels are nearly loaded They will proceed to sea at the first opportunity San Francisco is the destination of these vessels

ARRIVED.—Thompson & Kingsley's grand circus arrived yesterday from Oregon City Their huge pavilion is stretched on the vacant block near the corner of Sixth and B streets It is a capacious tent, and can seat, comfortably, several thousand persons

TRINITY CHURCH.—The contract for the wood work of the new Trinity Church has been nearly completed It will, however, be some time before the new edifice is ready for public service, as the glazing and painting are to follow, and will require some time.

FINE CALF.—We are informed that Mr S G. Reed has lately sold to Dr Tolmie of Victoria, a fine blooded bull calf for the sum of $1,000 This animal weighs 1,000 pounds and is only nine months old The calf will be taken over on the *California*

FIREMEN'S MEETING.—The various fire companies of the city are requested to meet at their respective engine houses to day, at 1 o'clock P. M, to attend the funeral obsequies of the late Jas S Allen, a member of Columbian No 3

PILOT ON BOARD.—The bark *Almatia*, from San Francisco, is reported off the bar, with a pilot on board She will be towed over to day, and will proceed to this port as soon as tow can be obtained The *Almatia* has an assorted cargo.

DISCHARGING.—The ship *Siam* is discharging her cargo of iron at Astoria, with all possible dispatch. She will, when discharged, proceed to this port to receive a cargo of wheat for Liverpool, as she is already under charter

SOCIAL BALL.—A social dance will be given at the Washington Guard Armory in about three weeks, under the auspices of the Washington Social Club, which has been organized in the city but a short time

ON PERJURY.—On next Sunday evening, Dr. Lindsley, of the Presbyterian Church, will deliver an address on the subject of false swearing, suggested by the recent trial in San Francisco, of Laura D Fair.

DISCHARGED.—Mary A Gibbons was examined yesterday before Justice Davis on the charge of larceny by bailee The evidence was deemed insufficient and the defendant was discharged

FOR HONGKONG.—The bark *Garibaldi* sails for Hongkong on Thursday evening next, with a full cargo of lumber and assorted merchandise, and a passenger list numbering over two hundred

APPOINTED.—Joseph J Henderson, Esq, a young attorney of this city, has been appointed Register in Bankruptcy by Judge Deady, on the nomination of Chief Justice Chase

ARRIVED.—The steamship *John L Stephens* arrived at this port last evening from San Francisco. She brought 81 cabin and 78 steerage passengers and a large freight.

FOR TILLAMOOK.—The little schooner *Mila Bond* is now receiving cargo and will sail for Tillamook Bay as soon as the desired quantity of freight has been received.

FOR VICTORIA.—The steamer *California* is announced to sail for Victoria and Sound ports on Thursday, 10th inst., at 5 o'clock P M.

PASSED OUT.—The brig *Robert Cowan*, bound for Victoria, was towed to sea last Sunday by the tug *Varuna*

COUNTY PRISONERS.—There are now confined in the county jail, twenty three prisoners

First Trial of Secret Voting in England—A Publican's Practical Opinion of it

The first election for a member of Parliament under the new ballot law in England took place in Pontefract on Thursday, August 15 The opposing candidates were Mr. Childers, a prominent Liberal, who has represented the same constituency for twelve years and has held a high place in the Administration, and Lord Pollington, who offered himself as the candidate for conservative suffrages As this was the first Parliamentary election in which the ballot was ever used in England, it excited great interest throughout the country, and people came from all parts of Yorkshire, and from boroughs hundreds of miles away, for the simple purpose of watching the proceedings. The old inhabitants of the town were not pleased with the innovation, while the innkeepers were disgusted at the quiet which prevailed under the new order of things "Law, zur," said the landlord of the Elephant to a London reporter, shaking his head at an empty tap room and an array of unused glasses, "this bean't the things at all, ten years ago my taps were running from early morn to midnight, and the streets was like a horse fair" The consumption of beer was very light, for it was hardly worth while to go to the expense of treating independent electors, who might drink a man's good ale and then go and vote against him without his ever being a grain the wiser. Great precautions were taken to insure secrecy, and neither those who had charge of the polls nor those outside had any inkling of the state of the vote until it was officially declared. The vote was light, amounting in the aggregate to but 1,254, while there are 1,941 legal electors in the borough, from which it would appear probable that many voters had stayed away from the polls because under the new method of voting they missed the inducements that had usually stimulated them to the discharge of the freeman's privilege.

Defend Your Health

The fall of the leaves not only symbolizes human decay, but promotes it In other words the effluvia from dying and rotting vegetation is unfavorable to health. To this and other causes—especially excess of moisture in the atmosphere—may be ascribed the prevalence of acute disorders of the stomach bowels and liver at this season Every person of bilious habit is liable to be very bilious in the fall Then too all persons whose digestion is weak and more than ordinarily dyspeptic and individuals predisposed to colic diarrhea and dysentery are particularly likely to be attacked by these complaints The main at complete defense against all of these distressing ailments is bodily vigor To obtain this blessing in all its plenitude where it does not exist Hostetter's Stomach Bitters is earnestly recommended It is the pure cordial of its preparation to reinforce and regulate the important organs which digest and temper the food and convert it into life sustaining blood Bodily vigor depends upon the nourishing qualities of that fluid and the nutritiousness of the blood depends upon the functional activity and regularity which it is the special province of the Bitters to secure Hence it is the best defense of health at this season, and indeed at all seasons When dysentery diarrhea bilious colic and other violent affections of the bowels become epidemic as they often do in certain parts of the country in the fall it will be found that persons who have been wise enough to resort to the Bitters as a preventive are almost invariably exempted from the scourge

PLANTATION BITTERS!

S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

THE TERRITORIES.

Lands in Tacoma have advanced to fifty dollars per acre, and at that price they are all buyers and no sellers

Mr David Shelton, Skookum Bay, Mason county, has a young peach orchard, which bore sixty bushels of peaches this year

A large number of persons have been indicted at the term of court now in session at Walla Walla for playing the game of faro and kindred games of chance.

Eight hundred citizens of Washington Territory have petitioned the Governor for the pardon of James Jamison lately sentenced to the penitentiary for rape.

From the *Statesman* The people of Walla Walla, W. T, are to vote at the November election upon the question of levying a tax to build a court house.

Thos. Stratton is engaged in opening Montgomery's coal mine, on the Chehalis, W. T. Two veins have been opened, and two hundred sacks of coal taken out.

The Olympia *Transcript* says The hop growers of the Poyallup valley finished picking last week. The crop is about 24,000 pounds Five thousand pounds were shipped to Portland by the last steamer.

Sound papers report that passenger travel over the country and on the Sound, has increased largely of late. The regular stages and extras are crowded, while the steamers have large lists of passengers.

The railroad party left Olympia last Saturday morning having completed the object of their visit to the Puget Sound country. They left the inhabitants of that section in unblissful ignorance of the intended terminus of their road.

W. S. Dodge, of Vancouver, it is rumored, will run as an independent candidate for Prosecuting Attorney of the 2d Judicial District in Washington Territory, against Mr. Hewitt who has been nominated by the Democrats of the District.

The Columbia river has been sounded from the mouth of the Wallamet up to Vancouver, and in the shallowest place there was found to be eighteen feet of water, while most of the way in the channel the average depth was over four fathoms.

Henry Bolton met with a serious accident on Whidby Island, on Saturday last. He was hand logging, when a large log rolled upon him, and lay with crushing weight across his hips for five hours before he was found and it could be removed. He survived only two or three days.

From the Seattle *Dispatch* of Oct. 2, we learn that Sullivan, one of the prisoners in the blockhouse, attempted to escape yesterday after locking one of the officers in. He only got a short distance, however, before a man with a double barreled shotgun stopped him and took him back.

There is a man at Vancouver who is announced as the "coming man." He is the regularly nominated Democratic candidate for the Legislature, school superintendent and justice of the peace, besides being school clerk and secretary for half a dozen, more or less, societies and incorporations

Parties are engaged in sinking artesian wells in the Puyallup valley. A well on the farm of Mr. E. Meeker has been sunk sixty-five feet, with the water rising to within five feet of the surface. The water, however, was not good, and further efforts will be made. Messrs. McLearnard and Burns are prepared to sink these wells 500 feet.

It is said the Indian Agent at Fort Sill lately brought and presented to his dusky dependents a large invoice of pantaloons, which were reluctantly accepted. Next morning the Agent ordered them out on dress parade to observe the civilized effect of trowsers. And such a dress parade! Under cover of night each noble warrior had deftly scalped out a section of his new garment, which, in civilized society, is regarded as quite essential, and the absence of which cannot be otherwise than embarrassing. The warriors had likewise clipped the pants off at the knee.

The Olympia *Standard* says that about a week ago, a disciple of Confucius was wending his way for the end of the railroad track towards Pumphrey's *en route* for Portland. He had several months' savings in his pockets, and was contemplating a delightful winter in Southern Oregon. While strolling along leisurely he was observed by an ill favored Siwash, who had been in search of pheasant and deer all the morning without success. The villainous Siwash cocked his gun and pointed it at the celestial's head saying "You stop! Hold up your hands! What for Chinaman got all 'um money and Ingin got none? H—ll suppose?" Hereupon John held up his hands and the felonious son of the forest proceeded to search his pockets. It was impossible to do this with one hand, or else his covetous nature got the best of him, and he laid down his gun, to go through the search when of a sudden the unconverted Mongolian came down with both fists and knocked him flat. He got on top of him then and "put a head on him" like a government horse. "Virtue is its own reward," and that honest Chinaman is now at Roseburg and has a gun for sale.

OREGON.

The "thumpists" on pianos and such are to contest for a prize at Salem next week.

Gov. Bennett will address the citizens of Albany this (Wednesday) evening on behalf of Grant and Wilson.

The tax collector of Umatilla county, Oregon, is levying taxes upon cattle from Walla Walla county, W. T, that graze over the line. The Walla Wallaians threaten to retaliate.

We learn that the State Agricultural Society, having fallen far behind in receipts at the Fair, propose to borrow funds sufficient to pay off their debts and to pay the premiums in full.

The contest between Witham and Strahan for a Senatorial seat from Benton county, looms up in the Legislature. The Committee who have the matter in hand will probably report before the close of the session.

The Jacksonville *Times* hears of a rumor to the effect that a squad of soldiers were surprised by a band of Indians between Forts Klamath and Warner, two soldiers being killed and one wounded. No further particulars.

A large number of the distinguished gentlemen in attendance upon the Legislature visited the Wallamet University last Monday and report themselves well pleased with the evidences of the prosperity of the institution.

Salem it seems is not rid of all her nefarious chaps who "steal into men's houses" A few nights ago they broke in and burglarized the residence of Mr. Thompson, the editor of the *Mercury* He is very fortunate to have a great deal for them to work on. Editors are not often the victims of such pranks.

We hear that many persons were disappointed at not seeing Pat Smith's horse, Pathfinder, at the State Fair, and an up-country paper says the "premiums were too small." We are assured that the money part of the premiums was not a matter of consideration with Mr. Smith. He very justly considered his horse the finest and best in the State, and is valued at $4,000 or $5,000, and when his merits are set aside for those of a horse worth perhaps $200, Mr. Smith wisely considers it useless to exhibit him.

The *Statesman* says "Some light fingered gent lifted sixty dollars out of the pocket of our friend J. W. Redway, the OREGONIAN's reporter in the House, last Saturday, while on the street Mr. Redway has only been a short time connected with the press or we should doubt of his having so much money about his person The pickpocket certainly had unmitigated cheek, and must also have been an ignorant sort of a scoundrel, otherwise he would never have gone through a reporter However he did happen to make a good haul this time.

The *Mercury* says "the State Fair has at last settled down and been skimmed off to secure the lucre that had settled in the tills, with which to pay the premiums awarded the various articles on exhibition. Imagine their deep humiliation when the figures informed them that the bullion on hand lacked just ten dollars of being sufficient to pay one-half the premiums Now came the rub What must be done. Only one alternative, that was to pay 50 per cent. on all the premiums. This is being done, but the satisfaction given exhibitors by this move, looks rather dark. If this is the way to keep up our State Agricultural Fair, we are laboring under mistaken ideas."

FINANCE AND COMMERCE.

TUESDAY EVENING Oct 8 1872

Gold in New York to-day, 114

Portland Legal Tender rates, 87c buying, 88 selling.

Wheat in Liverpool, 1 ¼s

The commotion in financial circles created by the recent order on the Assistant Treasurer at New York to sell a large amount of gold during the month, as noted in our Eastern dispatches has not had any material effect on this coast so far and hence no change is noted today A full review of the Money market on the Pacific coast, and the causes which have induced the present prevailing tightness in financial matters, would involve an inquiry much more extensive than we are able to make However, there are some things which it would be well for our business men to note particularly No country on the face of the earth is more varied or prolific in its natural productions, both agricultural and mineral, while the resources with which and upon which large manufacturing interests might be established and maintained, are almost boundless Our fields and forests and mines are inexhaustible and on the development of the resources which they afford depends the progress and prosperity of this country, and we shall hail with much hope the inauguration of every enterprise having that object in view in our midst True, the day may be distant when these things shall receive the attention which they merit, but just so long as they do not, and we bring from the Eastern States or foreign ports almost everything eaten, worn or used we may expect the constant flow of exchange outward to continue, and to feel the same financial pressure now upon the country

But to come to a matter which is of more immediate interest, we speak of the great want now felt in the way of facilities for the transportation of the surplus products of our State, that they may be placed upon the markets of the world, and compete with those of other lands upon an equal footing. Without these facilities, enterprises of all kinds, as above suggested, would be to no purpose This want of shipping is more particularly felt the present season than ever before Rates are much higher and vessels much scarcer than they were when the surplus products of the country were not more than half so great as at present. Prices of Wheat, for instance, abroad are not below those of former years, and yet such has been the management of affairs on this coast that producers cannot, at the rates offered here, realize the cost of production From the *Real Estate Record* of Walla Walla we cull the following, which is an illustration of the feeling in many other parts of the country That paper says "Shipments of Grain this year will be very light, compared with those of last year, as the price of Wheat is so low below that the inducements to make shipments are very limited."

A leading English agricultural authority estimates the yield of Wheat in that country this year at six bushels per acre under an average, and further states that the stocks of foreign Wheat in the country are 1,000,000 quarters short of last year. Under these circumstances it is not strange that such an impetus has been given here to the Wheat exports Former unprofitable seasons nearly discouraged the greater portion of our Grain producers, but when the copious rains came and the soil yielded a bountiful harvest, then appeared a favorable prospect of their being able to retrieve some of their former losses, and thus stand upon a better financial basis. That this should be the case is due to them, but there is a powerful combination of circumstances which will otherwise, and all the hard toil and capital expended by them are threatened with nearly entire loss at the very moment when their prospects are the brightest This Wheat surplus will be immense, and should the producers obtain the prices which a foreign market is only too willing to pay them, deducting a fair price for freight, the result would be most gratifying.

Respecting the question of high freights, one of our California exchanges very sensibly says:

Freights are quoted so high that only very low prices are offered for Wheat, and what the "combination" choose to offer is quoted as the market price. As high as £3 12s 6d@£5 15s has been paid for vessels for Wheat, and now comes the report that even £6 has been offered We are told that high rates must be offered to induce vessels to come this way, and yet the greater number of vessels taken for Wheat have been chartered prior to arrival at a great deal less than the above prices Why is it currently reported that the rates are £5 15s@£6 when it is well known that but few vessels are taken on these terms? There is occasionally a great deal of competition in securing some vessel in port, and the exorbitant price obtained by this means is given as the current rate, and farmers are told that Wheat is "weak," because freights are high. It is strange that if ships can be readily chartered to arrive at £4 or less, as many have been reported, that £5 15@£6 should be given, but this the Grain and Freight "combination" better understand

The Produce receipts for this week have been light, and though we hear of purchases in the interior, we are unable to note any tendency to advance on the rates last given

There are some indications of a slight decline in the Dry Goods market, which is encouraging to those desiring to purchase at present, but otherwise to dealers who have large stocks for the fall and winter trade on hand

NATIONAL REPUBLICAN PLATFORM

ADOPTED BY THE REPUBLICAN PARTY, IN CONVENTION AT PHILADELPHIA, JUNE 6, 1872.

The Republican Party of the United States assembled in National Convention in the city of Philadelphia, on the 5th and 6th days of June, 1872, again declares its faith appeals to its history, and announces its position upon the questions before the country

1. During the eleven years of its ascendancy it has accepted with grand courage the solemn duties of the time, has suppressed a gigantic rebellion, emancipated four millions of slaves, decreed the equal citizenship of all and established universal suffrage. Exhibiting unparalleled magnanimity, it criminally punished no man for political offenses and has warmly welcomed all who proved their loyalty by obeying the laws and dealing justly with their neighbors. It inflicted a new policy toward the Indians; the Pacific Railroad and similar vast enterprises have been generously aided and successfully conducted to completion, the public lands have been freely given to actual settlers, immigration has been protected and encouraged, and a full acknowledgment of the rights of naturalized citizens secured from European powers In the form of National currency, it has provided for the National credit, and sustained it under the most extraordinary burdens. It has negotiated new bonds at lower rates of interest. The revenues have been carefully collected and honestly applied. Despite the annual large reductions from the rate of taxation, the public debt has been reduced during U. S. Grant's Presidency at the rate of $100 000,000 per year A great financial crisis has been averted, and peace and plenty prevail throughout the land Menacing foreign difficulties have been peacefully and honorably compromised, and the honor and power of the Nation kept in a high position throughout the world. This glorious record of the past is the party's best pledge for the future and we believe that the people will not entrust the government to any party or combination of men, composed of those who chiefly have resisted every step in this beneficial progress.

2. Complete liberty and exact equality in the enjoyment of all civil, political and public rights should be established and effectually maintained throughout the Union by efficient and appropriate State and Federal legislation. Neither law nor its administration should admit of any discrimination in respect to citizens by reason of race, creed, color, or previous condition of servitude.

3 The recent amendments to the National Constitution should be cordially sustained because they are right, not merely tolerated because they are law, and should be carried out according to their spirit, by appropriate legislation, the enforcement of which can be safely trusted only to the party that secured the amendments.

4 The National Government seeks to maintain an honorable peace with all nations, protecting its citizens everywhere, and sympathizing with all peoples who strive for greater liberty.

5 Any system of civil service under which the subordinate positions of the Government are considered rewards for mere party zeal, is fatally demoralizing, and we therefore favor a reform of the system, by a law which shall abolish the evils of patronage and make honesty, efficiency and fidelity the essential qualifications for public position, without practically creating a lifetenure of office

6. We are opposed to further grants of public lands to corporations and monopolists, and demand that the National domain be set apart for free settlement by the people

7 The annual revenue, after paying current debts, should furnish a moderate balance for the reduction of the principal of the public debt, and except so much as may be derived from a tax on tobacco and liquors, be raised by duties on importations, which should be adjusted to aid in securing remunerative wages to laborers, and to promote the industries and growth and prosperity of the whole country.

8. We hold in undying honor the soldiers and sailors whose valor saved the Union Their pensions are a sacred debt of the nation, and the widows and orphans of those who died for the country are entitled to the care of a generous and grateful people. We favor such additional legislation as will extend the bounty of the Government to all our soldiers and sailors who were honorably discharged, and who in the time of duty became disabled, without regard to length of service or the cause of such discharge.

9. The doctrine of Great Britain and other European powers concerning allegiance, once a subject always a subject, having at last, through the efforts of the Republican party, been abandoned, and the American idea of the right of an individual to transfer his allegiance having been accepted by European nations, it is the duty of our Government to guard with jealous care the rights of adopted citizens against the assumption of unauthorized claims by their former Government, and we urge a continued and careful encouragement and protection to voluntary emigration.

10 The franking privilege ought to be abolished and a way proposed for reductions in the rates of postage.

11. Among the questions which press for attention is that which concerns the relations of capital and labor, and the Republican party recognize the duty of shaping legislation so as to secure a full protection and ample field for capital, and for labor which creates capital, the largest opportunities and a just share of the mutual profits of these two great servants of civilization.

12. We hold that Congress and the President have only fulfilled an important duty in their measures for the suppression of violent and treasonable organizations in certain lately rebellious regions and for the protection of the ballot, and therefore they are entitled to the thanks of the Nation.

13. We denounce the repudiation of public debts, in any form or disguise, as a national crime. We witness with pride the reduction of the principal of that debt, and of the rates of interest upon the balance, and confidently expect that our excellent national currency will be perfected by a speedy resumption to specie payment.

14 The Republican party is mindful of its obligations to the loyal women of America for their noble devotion to the cause of freedom, their application for admission to further usefulness is received with satisfaction; and the honest demands of any class of citizens for additional rights should be treated with respectful consideration.

15 We heartily approve of the action of Congress in granting amnesty to those engaged in the rebellion, and rejoice in the growth of peace and fraternal feeling throughout the land.

16 The Republican party proposes to respect all rights reserved by the people to themselves, as carefully as the powers delegated by them to the State and Territorial governments. It disapproves of asserting constitutional laws for the purpose of removing evils by the interference with rights not surrendered by the people to either the State or National Government.

17. It is the duty of the General Government to adopt such measures as will tend to encourage American commerce and ship-building.

18 We believe that the modest patriotism, the earnest purpose, sound judgment, practical wisdom, incorruptible integrity and illustrious services of U. S. Grant have commended him to the heart of the American people, and with him at our head we start to-day on a new march to victory.

TO THE UNFORTUNATE.
NEW REMEDIES, NEW REMEDIES!
Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate case, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz. Sallow countenance dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the faces, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions, By inclosing Ten Dollars coin, in registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn to certificates, dupe the unwary some of these self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and became too lazy too work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his offices of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, San Francisco, Post Office Box 1,957.

REMEMBER TO PUT BOX 1,957 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian* y6dtf
